

**From The Archives – April 2026**

This month's photo comes to us from the Orangeville Fall Fair of 1973. In the picture, you can see that great care was taken to create an eye-catching display for members of the community to appreciate. It is the continued dedication of our membership today that keeps our Society an important part of Orangeville and its surrounding district. Stay tuned for next month's issue of From the Archives.
