

From The Archives – June 2024

Welcome to June! The weather is hot, and all the flowers are in bloom. At our Flower Show last week, members brought in their beautiful peonies for judging. It is something that I look forward to seeing every June. Let's look back in time to June 15, 1974, when the society travelled to Stoney Creek for a day trip. Here are two wonderful pictures from The American Peony Society Show from that day. The members enjoyed the show all those years ago, and I hope that you have enjoyed this glimpse back in time.
