

From the Archives – May 2024

Welcome to the lovely month of May. A week ago, we had our first Flower Show of this year. There were many beautiful entries. This month, I would like to take you back to August 15, 1981, when we had another wonderful flower show. This show was spectacular, as it hosted 495 entries of summer plants and flowers. One can only imagine how lovely the room smelled with so many flowers. I hope you all enjoyed this look back in time. See you next time.
